

ECHO EDUCATION TECHNOLOGY

EDUCATION POWERED BY INNOVATION

Immersive Interactive

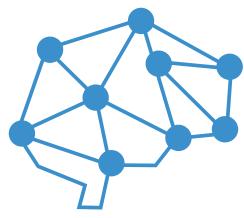

What is Immersive Interactive?

- ✓ Immersive Interactive provides virtual learning classrooms that are fully interactive and multisensory, engaging learners through sight, sound, smell, and touch.
- ✓ Immersive Interactive allows you to transform a single modern classroom, or multiple rooms, into a virtual learning environment where students can interact with the walls and surroundings, enriching every aspect of their education.
- ✓ Immersive Interactive's initial design was to provide a multisensory teaching platform for children with autism and we continue to evolve our special needs content today.
- ✓ Immersive Interactive provides tablet-based software allowing you to choose between a library of content or easily create and share your own.
- ✓ Immersive Interactive is a turnkey solution providing you all of the hardware, software, installation and training to transform your classroom or any space into virtual learning spaces.
